

## Remote learning during the COVID 19 pandemic - Children with SEND

In the event of a school closure, Government guidelines will be followed. It may be that your child is eligible for a place within school, if you wish to take this up.

In the event of your child being off school, due to isolation, shielding or school closure, work will be made available to your child. Work will be online and will be set via Teams or Parent Hub - the school's communication system. It may be that some of the work is differentiated to meet your child's needs. Courtesy / safeguarding phone calls will be made to check in with you and your child. For children receiving GRIP funding or funding through an EHCP additional one to one meetings may be mutually made to support your child further with their online learning or their personalised targets - staff availability dependent.

## Additional Online learning - SEND

Oak Academy has produced a specialist classroom to support children with SEND in a variety of areas including: communication and language, creative arts, numeracy and physical development
