

What our pupils say?

About Lexia (reading and spelling support):

- I like playing games on Lexia - it is fun.
- Lexia is fun. I can see my progress. I like getting certificates in assembly.
- I like Lexia, I like moving up the levels.

When they have done something well:

- I feel excited to show my work to the headteacher, my heart goes very fast when I show him my work.
- I like showing my work to the head teacher - it makes me feel happy.
- I feel very brave when I show him my good work.
- I feel proud of myself when I have done somethings well.

When they find something difficult:

- I get lots of support - I get to speak to somebody when I find things difficult.
- I ask my teacher or a friend
- I like playing games with my friends and learning how to get on better with others.

Lego therapy (building listening skills and turn taking skills)

- I like it when we are able to match the buildings exactly.
- I like it when we build something and then my team builds a copy

Maths interventions

- I like the activities, they help me to learn.
- I like using the apparatus, it helps me figure out what the answers are.

- I learnt how to calculate my times tables using arrays - we made large arrays in the hall with cones. It was like problem solving.
- Building a number track was easy. I could see how to work out my 9 times table.
- I like working with a partner
- I liked using the numicon, it was fun.
- Sometimes I like to work with a partner, but when I feel more confident, I like to work by myself.
- I liked calculating the perimeter of numicon shapes.
