Girls & Boys Football Tournaments

As you may be aware, we recently entered our girls and boys in a football tournament that ultimately could lead to a Wembley appearance! The girls were amazing, getting all the way to the final and falling just short of winning, losing 1-0. They were, however, fabulous fun to be with. Well done girls!

As for the boys...they won! They will now go to Halifax at the end of February to meet other regional winners to see if they can progress even further. The boys will represent the Chesterfield region and received their winner's trophy from a selection of Chesterfield FC first team players in a recent assembly. What was also pleasing, is the email that Mr Hiron received after the event, mentioning how well our children had behaved, which I have copied below. Well done boys!

"(I) just wanted to pass on my thanks for joining us today for the Kids Cup, obviously congratulations are in order on the victory, but I also wanted to say how impressed I was with your team, the boys conducted themselves excellently and worked very hard. Fantastic sportsmanship was also on display. (It was) a pleasure to have them with us."

Coop Workshops for Y5

The Y5s have recently participated in a community project with the Coop on healthy eating. They received a presentation in school then made fruit kebabs. They also visited the local store to continue their work.

Art Gallery

The Y4s recently held the first art gallery of the year. The event was lovely, with parents / carers coming in to enjoy the children's magnificent artwork and to enjoy some refreshments whilst doing so. Thank you to all who could attend for giving the event a wonderful atmosphere. We look forward to replicating this for other year groups throughout the year. Look out for further updates on Parent Hub!

Parent's Evenings

As those on Parent Hub will already be aware, we have set the spring term parent's evenings to be Tuesday 17th March, 3:45pm-6:45pm and Wednesday 18th March, 3:45pm-5:30pm. A letter will be following shortly for you to select the times most convenient for you to attend.

School App

Parent Hub is going from strength to strength. As we communicate more with parents / carers in this way, newsletters will naturally become less frequent. Please remember we are also posting more reminders this way as well as teachers sharing children's work through this channel. Please contact the school office if you are one of the few parents / carers left to not have signed up for this service.
