More News:

Currently TV, Radio & newspapers are constantly reporting on issues of online safety. We are committed to making our children aware of how to stay safe when using the Internet. The posters above created by two of the Digital Leaders help to promote awareness through peer positivity.

Year 6 worked in class during internet day on three different problems faced by youngsters when using the internet. These were real issues experienced by children when on gaming sites, in chat rooms and when posting pictures online. Using a script each class wrote the ending and then re-enacted it in front of the other year groups in an assembly held at the end of the day.
